

CU Denver | HIT Weihai 3+1+1 Program

High-Demand Fields. Hands-On Education. Excellent Value.

Welcome to the CU Denver | HIT Weihai 3+1+1 Program!

The University of Colorado Denver | Harbin Institute of Technology at Weihai 3+1+1 program offers Chinese students a unique opportunity to complete the final year of their undergraduate program in the US while taking some graduate courses, then continue for another year to earn an American master's degree. A fully accredited, highly ranked comprehensive university with a global reputation, CU Denver is a great place to gain an exceptional education.

An International Community

CU Denver welcomes students from over 130 countries and provides many services for international students, including on-campus housing, immigration, and academic advising. Our safe and exciting urban location near the beautiful Rocky Mountains gives students convenient access to internship opportunities, cultural and sporting events, and outdoor activities.
